PROFESSIONAL SUMMARY

MCA candidate and Java Developer Intern with hands-on experience in Core Java, OOP, full-stack web development (MERN Stack), and Android application development. Skilled in RESTful API design, SQL/NoSQL database integration, and version control using Git. Seeking an entry-level Java Developer, Backend Developer, or Software Engineer role at a service-based or product organization.

TECHNICAL SKILLS

Languages: Core Java, JavaScript (ES6+), HTML5, CSS3

Frameworks & Libraries: React.js, Node.js, Express.js, Socket.IO

Databases: MySQL, MongoDB, Firebase Realtime Database

Tools & Platforms: Git, GitHub, Android Studio, VS Code, Postman, Docker (Basics)

Core Concepts: OOP, Data Structures & Algorithms, RESTful API Design, MVC, SDLC, Agile

Soft Skills: Analytical Thinking, Problem Solving, Team Collaboration, Event Management

EXPERIENCE

Java Developer Intern — SSRTIC Institute, Papanasam

Jan 2025 – Present

- Designed and developed web applications using Core Java, HTML5, CSS3, and JavaScript; implemented backend business logic and MySQL database integration following MVC architecture principles.
- Identified and resolved 10+ application defects through systematic debugging and code refactoring, improving maintainability and reducing load time via structured OOP practices.

PROJECTS

Android Peer-to-Peer Ride Sharing System

Core Java • Android Studio • Firebase

- Built an Android ride-booking application supporting multiple vehicle categories with real-time driver allocation, dynamic fare calculation, and end-to-end booking workflow using Core Java and Android SDK.
- Integrated Firebase Realtime Database for live trip-status tracking and user-driver data sync, delivering a scalable backend without a dedicated server infrastructure.

Real-Time Chat Application — MERN Stack

MongoDB • Express.js • React.js • Node.js • Socket.IO

- Engineered a full-stack messaging platform using MERN and Socket.IO for bidirectional real-time communication, enabling sub-second message delivery across concurrent user sessions.
- Built RESTful APIs for user authentication and session management using Node.js + Express.js; designed a responsive React.js UI with dynamic chat threads, message history, and active user indicators.

EDUCATION

MCA — Master of Computer Applications

2024 – 2026 | Pursuing

Anjalai Ammal Mahalingam Engineering College, Thiruvarur, Tamil Nadu

B.Sc Computer Science

2021 – 2024 | CGPA: 7.1

A.V.V.M. Sri Pushpam College, Poondi, Tamil Nadu

HSC — Govt Boys Hr Sec School, Thanjavur

2021 | 80%

CERTIFICATIONS & ACHIEVEMENTS

- Debugging Symposium Participant, Periyar Maniammai University (2024) — Competed in a live code debugging challenge, demonstrating strong analytical and problem-solving skills under time pressure.
- Technical Symposium Organizer, Sri Pushpam College (2023) — Led cross-department event coordination, managing a volunteer team, scheduling, logistics, and participant communication for 100+ attendees.
